The Dynamic Duo

Lord Crypto Mang and Silver

BullBar owes its genesis to the dynamic duo of Lord Crypto Mang and Silver, two passionate Hbarbarians who dared to dream beyond conventions. With a collective vision and unwavering determination, they have selected the prestigious SaucerSwap on Hedera's primary DEX as the launchpad for BullBar's epic journey.

Burning \$bull Coins

Empowering the journey

In a game-changing announcement, BullBar commits to burning a staggering 3 billion \$bull coins over the next three months. This monumental event will undoubtedly propel our journey to new heights and ignite the trajectory to the moon.

Supply Breakdown

BullBar's tokenomics are structured to optimize growth and value for its holders. The token supply breakdown is as follows:

- Total Token Supply: 44 billion (finite)
- Locked in the Hbar / Bull Liquidity Pool: 23 billion
- Development Funds: 8 billion
- NFTs, Marketing, and Competitions: 3 billion
- Scheduled to be Burnt Over the Next 3 Months: 3 billion
- (Note: 7 billion was syphoned from an arb bot when we incorrectly balanced a new liquidity pool)
